Love's Web Firm

Hosting: Ultimate

With our Ultimate Hosting Package, your website (and/or web-based application), will be able to handle anything you want to throw at it! From hosting your own Web-Based Application, to hosting several websites at once, your server will be one of our best options with the Hosting: Ultimate Package!

Can My I.T. Guy Connect To The Server?
Yes! We use SSH Keys in order to connect computers to the server. Just have your I.T. Guy send us his SSH key and we can connect him to the server!

What O.S. Do you Utilize?
Linux Ubuntu! Depending upon the project, we may use Ubuntu 18, or Ubuntu 20.

Why Would My Server Go Down?
Your server would be down for major updates & security patches. We will indeed notify you at least 2 Days before we perform any updates & security patches.

Can I Pay Yearly, or only Monthly?
You can pay by the Month or Year! If you want to pay for 6-Months, or 6-Years, you can pre-purchase X-Amount of months you wish!

What Are The Server Specs?
* 3GB vCPU {Optimized for Speed}
* 60GB SSD {Fast Read/Write Speeds}
* 3TB Transfer Rates {Ideal for several connections at once!}
